This publication is available in alternative formats upon request.

March 2008

INTRODUCTION

The 2008-2009 Directory of Kentucky's Libraries and Archives contains information current as of February 20, 2008. Directory entries are divided into seven sections: Kentucky Department for Libraries and Archives, Institutional Libraries, Archive Collections, Special Libraries, Academic Libraries, Public Libraries, and Library and Archives Organizations. An index that arranges library personnel and institution names in alphabetical order follows these listings.

The 2008-2009 Directory includes web addresses. These URLs are noted by the  symbol. Current e-mail addresses are also listed for most personnel.

The new Directory marks a move from a bound print version to a paperless offering that is available on KDLA's web site. The user is able to print individual sections of the Directory or the full publication, all available in .pdf format.

Check the KDLA home page for the latest information on the state's libraries and archives:
